During the evening Mrs. Boomhower was presented with a handsome Morris chair, from her Rebekah friends. The presentation speech was made by R. W. Hurlbut, to which the recipient feelingly responded.

Sportsmen will be interested in the following item from the Montpelier Watchman of Monday:—

George E. White and Edwin S. Meigs, who have been advertised to arrive at different times during the past week, put in an appearance on the early train Sunday morning. They have been absent for three weeks in the wilds on northern Maine hunting deer, and they brought back four deer and two moose, the limit which the law allows to two hunters. They had been since last Tuesday on the return trip and with two guides carried two hind quarters of a deer a distance of five miles before they were able to strike a team. They report that partridges in that region are as plentiful as hens are here and that the deer were also numerous. Both men are in excellent health.

A Barn Burned.

The barn on Wyatt Hurlbut's place, in this town up near Eden, was destroyed by fire Monday night. The son was in the barn and in putting some straw down from the loft fell through a hole, breaking the lantern. Most of the stock was saved, but 30 tons of hay, four pigs, some hens and a lot of farming tools, together with fifty cords of wood, were destroyed. There was a total of \$800 insurance on barn, produce and stock. The loss is partially covered by insurance.
